CASE PETITION NO. 950921-10-091 and 950921-12-002

MEMORANDUM OF DECISION
INTRODUCTION

The Board of Examiners for Nursing (hereinafter the "Board") was presented by the Department of Public Health (Hereinafter the "Department") with two (2) Statements of Charges and two (2) Motions for Summary Suspension dated November 14, 1995 (Department Exhibits A and B). Both Statements of Charges alleged violations of certain provisions of Chapter 378 of the General Statutes of Connecticut by Anne Gallitto (hereinafter the "Respondent") which would subject the Respondent's Registered Nurse license and Advanced Practice Registered Nurse license to disciplinary action pursuant to the General Statutes of Connecticut.

Based on the allegations in the Statements of Charges and accompanying affidavits and reports, the Board found that the Respondent's continued practice as an Advanced Practice Registered Nurse presented a clear and immediate danger to public health and safety. On November 15, 1995, the Board ordered, pursuant to its authority under §19a-17 of the General Statutes of Connecticut that the Advanced Practice Registered Nurse license of the Respondent be summarily suspended pending a final determination by the Board of the allegations contained in the Statement of Charges (Department Exhibit A). The Department's Motion for Summary Suspension of the Respondent's Registered Nurse license was not granted by the Board.

The Board issued a Notice of Hearing dated November 15, 1995 scheduling a hearing for December 6, 1995 (Department Exhibits A-5 and B-5). The hearing took place on December 6, 1995 in Room 2-A, Legislative Office Building, Capitol Avenue, Hartford, Connecticut. During the hearing on December 6, 1995 the Department verbally amended both Statements of Charges by changing "August" to "July" in Paragraph 3. (Hearing Transcript, December 6, 1995, pp. 72-73)

Each member of the Board involved in this decision attests that he/she was present at the hearing or has reviewed the record, and that this decision is based entirely on the record and the Board's specialized professional knowledge in evaluating the evidence.

FACTS

Based on the testimony given and the exhibits offered into evidence, the Board makes the following Findings of Fact:

1. Anne Gallitto, hereinafter referred to as the Respondent, was issued Registered Nurse License Number R27282 on April 30, 1995 and was issued Advanced Practice Registered Nurse License Number 000181 on March 12, 1991. (Department Exhibits A-9, B-9.) The Respondent was the holder of said licenses at all times referenced in the Statement of Charges.

DISCUSSION AND CONCLUSIONS

In consideration of the above Findings of Fact, the following conclusions are rendered:

Anne Gallitto held a valid Registered Nurse license and a valid Advanced Practice Registered Nurse license in the State of Connecticut at all times referenced in the Statement of Charges.

The Summary Suspension Order, Notice of Hearing, and Statement of Charges sufficiently provided legal notice as mandated by the General Statutes of Connecticut §4-177, §4-182, and §19a-17. The hearing was held in accordance with Chapters 54 and 368a of the General Statutes of Connecticut as well as §19-2a-1 through §19-2a-30 of the Regulations of Connecticut State Agencies.

The Notice of Hearing, Statement of Charges and the hearing process provided the Respondent with the opportunity to demonstrate compliance with all lawful requirements for the retention of her license as required by the General Statutes of Connecticut §4-182(c).

Paragraph 3 of both Statements of Charges alleges that in July 1995, while employed as an advanced practice registered nurse and a registered nurse at Bristol Hospital, Bristol, Connecticut, the Respondent abused or excessively used the controlled substance Fiorinal.

The Respondent denies this charge. (Answer: Hearing Transcript, December 6, 1995, p. 66)

The General Statutes of Connecticut §20-99(b) prohibits conduct which fails to conform to the accepted standards of the nursing profession, which includes "... (5) abuse or excessive use of drugs, including alcohol, narcotics or chemicals...."

Based on its review of the evidence, inclusive of the Respondent's testimony, the Board concludes that the Respondent's conduct as alleged in Paragraph 3 of both Statements of Charges is proven and that said conduct violates the General Statutes of Connecticut §20-99(b)(5). Therefore, the Respondent is subject to disciplinary action pursuant to §19a-17 of the General Statutes of Connecticut.

Paragraph 4 of both Statements of Charges alleges that prior to 1995, while licensed as an advanced practice registered nurse and a registered nurse, the Respondent abused or excessively utilized the controlled substance Fiorinal.

The Respondent denies this charge. (Answer: Hearing Transcript, December 6, 1995, p. 66)

The General Statutes of Connecticut §20-99(b) prohibits conduct which fails to conform to the accepted standards of the nursing profession, which includes "... (5) abuse or excessive use of drugs including alcohol, narcotics or chemicals...."

Based on its review of the evidence, inclusive of the Respondent's testimony, the Board concludes that the Respondent's conduct as alleged in Paragraph 4 of both Statements of Charges is proven and that said conduct violates the General Statutes of Connecticut §20-99(b)(5). Therefore, the Respondent is subject to disciplinary action pursuant to §19a-17 of the General Statutes of Connecticut.

At her own expense the Respondent shall be responsible for submitting to random urine and/or blood screens for alcohol and drugs for the entire probationary period, as ordered by her therapist, and/or personal physician, and/or the Board of Examiners for Nursing. Random alcohol/drug screens shall be legally defensible in that chain of custody procedures must be followed throughout the screening process. The Respondent shall be responsible for immediately notifying the laboratory, her therapist and/or personal physician and the Board of Examiners for Nursing of any drug(s) she is taking.

There must be at least one (1) such random alcohol/drug screen monthly during the first, second and fourth years of the probationary period and at least one (1) such random alcohol/drug screen bi-monthly during the third year of the probationary period. Reports of said random alcohol/drug screens are due commencing with the report due on May 1, 1996.

Random alcohol/drug screens shall be negative for the presence of alcohol and drugs. All positive results shall be confirmed by the Gas Chromatograph Mass Spectrometer (GC/MS) testing method. - N. The Respondent is hereby advised that the ingestion of poppy seeds may produce a positive drug screen result indicating the presence of opiates/morphine. For that reason, any food substance containing poppy seeds should be avoided during the probationary period. In the event that a drug/alcohol screen is positive for opiates/morphine, the ingestion of poppy seeds shall not constitute a defense to such positive screen.
